Has been assessed
by Nick Shapley for Pen Test Partners LLP
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials

Scope: Report URI Ltd

Certification date: January 11th, 2019

Recommended re-assessment date: **January 10th, 2020**

Certificate no.: 6627702032468634

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
